

Minutes June 28, 2011 Ares/Races meeting

There was a long discussion about field day where it was suggested that the Oxford fire station might be a good place to hold it. We need to find out if it will be acceptable to hold it there. We will invite Green Lake and Waushara counties since they don't have any field day participation.

Discussed District net 2nd Monday – 7:30 p.m. WI9WIN uhf repeater system (Hancock or Baraboo - <http://www.winetwork.org/>)

WINLINK net is anytime on Tuesdays WB9RQR/KB9MMC @ winlink.org

HF net is Sunday 8 am 3.967 or 3.9775 (alt) It was suggested that an antenna party, where we could provide the necessary man power to get some antennas up would might work

The new Tech manuals are available Mike indicated that he would like one

We need a Sulcom rep. from the group and the long drive was discussed.

U P S for repeater and WINLINK station. The battery has a hole in the side of it and it was thought that this was caused by lightning. Gary brought in a surge protector that was donated by Rich Green, This needs to be installed on the repeater. For now the UPS from Les's office will be used.

Dates for VE testing are July 16 and Oct 15 at 10 AM Portage library

Net control operator for July will be Wayne

County fair July 7 – 10. Randy and Sue will be there on both Thursday and Fri. Gary and Sandy will try to fill in over the weekend.

Mike would like us to give a presentation the fire association on Oct 3 at 7:00 pm at the Newton fire meeting.

We participated in the SULCOM exercise at 8 pm
